AI4ALL Artificial Intelligence 4 All

Three week camp June 14 – July 2

Open to students in 10th - 12th grade
* Grade in Fall of 2020

Activities include industry field trips, and presentations from guest speakers, as well as an in-depth exploration of AI through project creations.

Arizona State University AI4ALL (Artificial Intelligence for All) is a program promoting diversity in Artificial Intelligence. The program will conclude with a small group research project and a presentation for friends and family.
