Coding Camp

Available Weeks:
Week 1: June 7 - 12
Week 2 June 14-19

Open to students in 9th - 12th grade
* Grade in Fall of 2020

Activities include programming hackathons, game design challenges, and mock Silicon Valley coding interviews

Camp participants will have opportunity to learn fundamental technology and principles behind big data, cloud computing, cybersecurity, artificial intelligence, machine learning, and more!
