Pioneers of Health Camp - PhD

Available Weeks:
Week 1: June 7 - 12

Open to students in 9th - 12th grade
* Grade in Fall of 2020

Activities include food waste management, urban agriculture, nutrition habits, gardening solutions workshop, interactive cooking lab, food insecurity, and field trips to multiple ASU campuses, a community garden and to Saint Mary’s Food Bank.

In collaboration with the College of Health Solutions, the Pioneers of health embark on a journey to end hunger, as they learn strategies to achieve food security, improve nutrition and promote sustainable agriculture.
